CREA UN NUEVO PROYECTO CON EL NOMBRE MISMAPAS

The screenshot shows the MIT App Inventor 2 web interface. The browser address bar displays 'ai2.appinventor.mit.edu/#6511508801454080'. The application header includes 'MIT App Inventor 2 Beta' and navigation menus for 'Projects', 'Connect', 'Build', and 'Help'. A green bar at the top contains 'Start new project' and 'Delete Project' buttons. Below this is a 'My Projects' section with a table of existing projects. A dialog box titled 'Create new App Inventor project' is open, featuring a text input field containing 'MISMAPAS' and 'Cancel' and 'OK' buttons.

Create new App Inventor project

Project name:

The image shows the MIT App Inventor 2 web interface. The browser address bar shows `ai2.appinventor.mit.edu/#5101520891674624`. The application is titled "MISMAPAS" and is in the "Designer" view. The interface is divided into several panels:

- Palette:** Lists various user interface components. The "Label" component is highlighted with a red box and a red arrow pointing to the viewer.
- Viewer:** Shows a mobile phone screen with a status bar at the top displaying signal strength, Wi-Fi, and the time 9:48. A cyan label is positioned at the top of the screen with the text "Mis mapas y localizaciones".
- Components:** Shows a tree view with "Screen1" containing "Label1".
- Properties:** Shows the configuration for "Label1". Several properties are highlighted with red boxes:
 - BackgroundColor:** Set to "Cyan".
 - Text:** Set to "Mis mapas y localizaciones".
 - TextAlignment:** Set to "center".

At the bottom of the screen, there is a Windows taskbar with various application icons and a system tray showing the date and time: 22:06 on 11/12/2014.

Añade una etiqueta con el título de la app. Modifica el texto, tamaño, color y ajuste (Width FILL PARENT)

The image shows the MIT App Inventor 2 web interface. The browser address bar displays 'ai2.appinventor.mit.edu/#5101520891674624'. The interface is divided into four main panels: Palette, Viewer, Components, and Properties.

- Palette:** The 'User Interface' section contains various widgets. A red box highlights the 'Button' widget, and another red box highlights the 'WebView' widget. Red arrows point from these boxes to the app design in the Viewer panel.
- Viewer:** Displays a mobile app design. At the top, it says 'Screen1'. Below that is a cyan header with the text 'Mis mapas y localizaciones'. Underneath are three buttons labeled 'Mi calle', 'Plaza España', and 'Villanueva de la Serena'. Below the buttons is a white rectangular area containing a globe icon, representing a web viewer.
- Components:** Lists the components added to the app: Screen1, Label1, HorizontalArrangement1, Button1, Button2, Button3, WebView1, and ActivityStarter1.
- Properties:** Shows the properties for the selected 'Button3' component, including BackgroundColor (Default), Enabled (checked), FontBold (unchecked), FontItalic (unchecked), FontSize (14.0), FontTypeface (default), Image (None...), Shape (default), and ShowFeedback (checked).

Añade al diseño botones y escribe el nombre de los lugares a los que quieras acceder desde la app.

Añade también un navegador (WebViwer) al proyecto.

Busca en GoogleMaps tu calle y copia al portapapeles la dirección del navegador

A screenshot of a web browser displaying Google Maps. The browser's address bar shows a URL with coordinates: https://www.google.es/maps/place/38°57'24.8"N+5°52'03.1"W/@38.956876,-5.867516,18z/data=!4m. The search bar contains the coordinates 38.956876, -5.86751. A search dropdown menu is open, showing the coordinates and a search button. The map shows a street grid with 'Calle San Juan' and 'Calle Ancha' labeled. A red location pin is placed on Calle Ancha. A text box on the right side of the map contains the instruction: 'Busca en GoogleMaps tu calle y copia al portapapeles la dirección del navegador'. The browser interface includes Norton security, Safe Search, and page status indicators.
